Greeting to the 110th anniversary of the Communist Party of Chile

Dear comrades,

The Communist Party of Australia sends its warm and revolutionary greetings to the heroic members and leadership of the Communist Party of Chile on the 110th anniversary of its foundation.

It is a great milestone since the historic decision made by Chilean workers on 4th June 1912 to establish a socialist organisation.

The history of the communist party of Chile is rich and has faced many challenges and the repression of the capitalist state.

The communist leadership throughout the existence of the Party has been able to lead the party through the most difficult circumstances of military and fascist governments.

The struggle for socialism has cost many lives of Chilean men and women who never gave up nor ceded the right to self determination and a socialist future.

We pay tribute to all those who heroically fought and died on the revolutionary path to democracy, independence and a united Latin America.

The CPA congratulates the members of the Communist Party of Chile, its leadership and the Chilean people in celebrating 110 years this 4th June 2022.

We wish you all the very best and look forward to continuing the warm relationship between our two parties.

Long live the Communist Party of Chile!

Long live international solidarity,

In class struggle,

Vinnie Molina
