To Comrade Pinarayi Vijayan, Comrades of the Left Democratic Front, and all workers of Kerala, the Communist Party USA sends its sincerest congratulations and heartfelt greetings!

Since 1980, the LDF has been the leading voice of the people in Kerala, and have continuously shown the way forward for good governance and better livelihoods for all. With the historic victory of the LDF this year, and the victory of Comrade Pinarayi Vijayan’s bid for a second term, we believe the people of Kerala have much to look forward to.

Under the leadership of the LDF in general, and Chief Minister Vijayan in particular, Kerala has been applauded as the best governed State in the country by Bengaluru’s Public Affairs Centre. It has stood strong in the face of many adversities, not least of which being the COVID-19 pandemic, and at every turn showed the strength of the people and led them forward.

We applaud and congratulate, and shall be eagerly watching, Chief Minister Vijayan and the 98 other ministers elected to serve the people of Kerala in the Niyamasabha from the LDF. We applaud them for their historic achievements, and we shall be eagerly watching to see what lessons we may learn from their good example.

We would also like to wish Comrade Pinarayi Vijayan a happy birthday. From humble beginnings as a handloom weaver, to his early organizing as a member of the Kerala Students Federation, now the Students Federation of India, this son of Kerala has maintained his roots firmly with the people, and he has sprouted among them. We are proud to call ourselves his comrades.

The Communist Party USA stands with the people of Kerala, with the LDF, and with Chief Minister Vijayan.

Workers of the world, unite!
