**On the Enforcement Directorate raids targeting Comrade Pinarayi Vijayan**

The Communist Party of Sri Lanka strongly condemns the raids carried out by India's Enforcement Directorate on the residence of Comrade Pinarayi Vijayan, senior Politburo member of the Communist Party of India (Marxist) and former Chief Minister of Kerala.

Comrade Vijayan has stood as a principled voice in defence of the workers, peasants and oppressed people of Kerala. Successive Left Democratic Front governments have shown the world that a pro-people alternative is possible. It is precisely this example that the forces of reaction find intolerable.

We extend our warmest revolutionary greetings and unwavering solidarity to Comrade Vijayan, to the CPI(M), and to the workers and peasants of Kerala. We know that intimidation will not silence the Left. The red flag will continue to fly over Kerala and be defended.

Hands off Comrade Pinarayi Vijayan!
