To the leadership of the Communist Party of Greece (KKE)

Dear Comrades,

The Central Committee of the Communist Party of Turkey (TKP) strongly condemns the targeting of KKE Member of the European Parliament Lefteris Nikolaou-Alavanos through his inclusion on the blacklist of the Ukrainian website Myrotvorets.

This unacceptable act of intimidation, directed against a communist representative for his legitimate stance against NATO and the EU's imperialist policies of military escalation and their involvement in the war in Ukraine, is a serious cause for concern.

The TKP expresses its firm solidarity with Comrade Lefteris Nikolaou-Alavanos and the KKE. Such threats and provocations will not silence the communists or weaken their struggle against imperialist policies, militarism and anti-communism.

With comradely greetings,
TKP Central Committee
