*24 April, 2026*

To the Communist Party of Ireland

Dear Comrades,

Warm fraternal greetings!

Our Party, the Partido Komunista ng Pilipinas (PKP-1930, the Philippine Communist Party), extends our heartfelt fraternal revolutionary and internationalist greetings to the delegates and guests of the 27<sup>th</sup> Congress of the Communist Party of Ireland. It is a historic undertaking and milestone of your party to hold this Congress at the period when imperialist domination and hegemony is confronted by the working class and the citizens of the world. It is unprecedented that imperialist hegemony and exploitation will be challenged by the world and especially of the working class in almost every country, in your continent (Europe) in Asia especially in the Middle East, in Africa, the rest of the American continent and its citizens itself.

The unanimous chorus of the world is to change the imperialist order of conquest, imperialist domination and exploitation. Though they are particularly vocalized in their national and particular perspective in totality and summary they are against imperialism and for global change of current world order on the basis of equality, national determination, national democracy, peace and socialism. For the world to live in harmony, friendship and understanding.

We are optimistic that this Congress of your party will further enhance this internationalistic aspiration and together with this is your commitment in resolving your party's national aspiration and concrete actions.

Furthermore, we congratulate your party for its decisive and militant support for the struggle of the Palestinian people, for its support for peace in the Middle East specifically against the imperialist and Zionist invasion of Iran and against the imperialist blockade of Cuba.

With revolutionary and internationalist greetings, we salute and embrace the delegates and guests in this Congress.

With fraternal solidarity,

**EDUARDO F. LANDAYAN**

General Secretary

Partido Komunista ng Pilipinas (PKP-1930, Philippine Communist Party)
